We're currently looking for a PHP Developer to join our team.

Vanilla Storm is a small web design company based in Heaton Chapel, which is just 10 mins by train from Manchester Piccadilly and Stockport. The role is varied and interesting with the opportunity to work on some high profile sites and learn new technologies.

The successful candidate will be responsible for creating, documenting and debugging systems developed in PHP versions 4 and 5, building secure e-commerce sites using Vanilla Storm developed applications and researching and building sites using existing software and building bespoke applications and modules as required.

Salary: £22,000 to £28,000 (pounds sterling) depending on skills and experience

Closing Date: Friday 19 March 2010

Please email <mailto:jobs@vanillastorm.co.uk> in the first instance for a full job description.

Strictly no agencies, consultants or jobs banks!
